NOTICE OF EXEMPTION

TO: Office of Land Use and Climate Innovation
1400 Tenth Street
Sacramento, CA 95814

FROM: Department of Parks and Recreation
Diablo Range District
15751 Tesla Road
Livermore, CA 94550

PROJECT TITLE: Fremont Peak State Park Vault Restroom Relocation

LOCATION: Fremont Peak State Park

COUNTY: San Benito

DESCRIPTION OF THE NATURE AND PURPOSE OF PROJECT: The project proposes relocating an existing non-compliant precast vault restroom from the day-use area to Doe Flat Group Campground in Fremont Peak State Park to address accessibility compliance and equal facilitation for visitors with disabilities. One (1) accessible sized portable chemical toilet will be permanently located on a concrete pad adjacent to the precast vault restroom and one (1) concrete “Van Accessible” parking stall will be constructed to facilitate a level surface for parking and approach to the restrooms with a concrete route of travel constructed to connect the buildings to parking. In the group campground work will:

To Install the Precast Vault Restroom

Use equipment to excavate a 11 foot long by 11 foot wide by 6 foot deep area;

Install a layer of road base or similar aggregate at the bottom of the excavation to create a level installation surface; and

Use a crane truck to remove the vault restroom from the current location in the day use area and place the vault restroom into the excavated area within the group campground.

For the Accessible Sized Portable Chemical Toilet

Use equipment to excavate a 10 feet by 10 feet by approximately 12 inches deep area and pour concrete to create a level surface; and

Use equipment to install a 7 foot by 7 foot accessible sized portable chemical toilet on the concrete pad

For the Parking and Travel Path

Use equipment to excavate an approx. 20 foot by 22 foot by 12 inch deep area and install 6 inches of base rock followed by 6 inches of reinforced concrete to create a level parking surface;

Use equipment to excavate an approx. 7 foot wide by 26 foot long by 12 inch deep area to create a path from the parking to the restrooms;

Use equipment to install 6 inches of base rock followed by 6 inches of reinforced concrete and create a level path of travel;

Install truncated domes between the travel route and the parking area; and

Installed boulders between the travel route and the parking area to act as dividers.

PUBLIC AGENCY APPROVING THE PROJECT: California Department of Parks and Recreation

NAME OF DIVISION OR DISTRICT CARRYING OUT THE PROJECT: Diablo Range District

EXEMPT STATUS:

☒ Categorical Exemption *Class:* 1, 3 & 4

Section: 15301, 15303, 15304

REASONS WHY PROJECT IS EXEMPT: Project consists of the operation, maintenance, or minor alteration of existing public or private structures, facilities, or topographical features involving negligible or no expansion of use beyond current levels; construction and location of limited numbers of small new facilities or structures, included as "Modifications of existing facilities for handicap access" and "Construction or installation of park facilities such as restrooms" in the Department of Parks and Recreation's list of exempt activities in accordance with CCR §15300.4; and minor public or private alterations in the condition of land and/or vegetation which do not involve removal of healthy, mature, scenic trees.
